

#10 Days of Code

Day 7:

Objective:

In this challenge we will learn how to generate Fibonacci Triangle of the given limit.

Task:

In this challenge, we are getting input from the user for the limit for Fibonacci triangle, and printing the Fibonacci series for the given number of times (limit).

Sample:

Input:

Enter the Limit: 4

Output:

1

1 1

1 1 2

1 1 2 3
